Dear Rakesh,

There is no IFO in Gove unfortunately, or indeed anywhere nearby. The best option for her if she needs to take fuel in Australia is to divert all the way down top Gladstone on the East Coast, which is the nearest port with IFO available.

But, unfortunately, there is Only HSFO 380 in Gladstone, current indication is \$735 USD pmt ex barge. Overtime if applicable is \$140 USD per hour. There is a deadfreight fee for orders under 300 MT.

Dear Terry

She will be at Gove to load alumina for discharge in Kitimat.

Can you please advise if can get

400 Mts of HSIFO + 150 Mts of LSIFO with S < 1 % at Gove ISO specs . between 18 -22 Oct

Alternatively what will be best port to bunker her as she does not have enough bunkers to reach Kitimat.

Regards
Rakesh
